

IN-LAB TIME: 1 WORKING DAY if received in plant by 12 p.m.

Two levels of service are available for this product:

NO COLOR CORRECTION (NCC)

This product is for studios that do their own color correction and cropping, and are submitting a file to be printed “as is.”

BUCKEYE COLOR CORRECTION (BCC)

Each image will be individually adjusted for color & density (NOTE: this is NOT a batch adjustment).

**The ability to fully correct the image file is limited to 1 stop under exposure or 1/3 stop over exposure from normal.*

SPECIFICATIONS

- One level of service per order
- All images will be backprinted with studio copyright
- All images will be cropped from the center

HOW TO ORDER

◆ AVAILABILITY

BOSS

QUICK TIP:
 Don't overlook the bordered proof options in BOSS as a way to increase your sales by providing upscale proofs. These are available in BOSS at no additional charge.

▶▶  **VOLUME PROOFING**

The quality you demand...the price you want!

Easy to order:

- Select the Proof Catalog in our BOSS/Roes Entry system
- Select the proof size you desire and place your order.
- The more proofs you order, lower the price per proof
- One proof size per order
- No limit to the number of proofs made per file. Your total price is based on the number of proofs made.
- Available ONLY in our BOSS/Roes order entry system
- The BOSS /Roes program will not reflect volume prices, but they will be reduced before your invoice is produced.
- Proofing orders submitted via order methods other than BOSS are billed at the first print price.
